

## Solo performance Reflection

Student Name:

Instrument:

Performer name:

Piece Being Performed:

Provide some basic background information about the performer:

Provide some basic background information about the piece being performed (who composed it, when was it composed, why is it significant, etc.):

What are your initial impressions of the piece after listening:

What are your primary observations of the performer? Are there any observations that you made about the performer's posture/technique/sound that you would like to be able to apply to your own playing?

Is there another performer (on your instrument) that you enjoy listening to? If so, list them below and explain what it is about them that inspires you as a performer. If not, do some further research and list one more performer that you could listen to for inspiration as a fellow performer on your instrument.
